## Directions to Haynes Barn

(Ignore the yellow marker pen – that's from an old route planner!!)

### From the North

*(This is easier than the route from the south)*

Take the B4035 from Shipston-on-Stour and turn at the second right 2.3 miles from Lower Brailes, signposted to Sibford Gower, into Pound Lane

**Or**

From Banbury turn left 1.6 miles after leaving Swacliffe, passing two signs to Sibford Ferris, take the second Sibford Gower turning into Pound Lane

**And**

Follow the road down the hill passing the Wykham Arms on your left into Colony Road. After passing a row of cottages (this is the point for the post code Sat Nav settings) will be on your left. Drive slowly for 300 yards turning right at the "Bridlepath" sign through a metal field gate up our drive for 500 yards, it's a farm track quite accessible by all but the very lowest Ferrari. You will see Haynes Barn on the right after 400 yards.

### From the South

North of Hook Norton a minor road runs between Milcombe in the east and Whichford in the west. It passes The Firs Garage (a main Mitsubishi dealership, its post code is: OX15 5DD)

Find your way to the Garage and then head north at the signpost for Sibford Gower, the road is adjacent to the garage and on its west side. Follow the road north for 2.1 miles, it's narrow in places. Keep straight on, ignoring the turn to the left at the 0.7 mile point. After 1.1 miles you come to Temple Mill Farm and a very sharp and narrow bend that runs through the farm. Go very slowly here; it's a bit of a "rat-run", the road is narrow and there's width for just one car!

After 1.8 miles from garage turn left at the "Bridlepath" sign through a metal field gate up our drive for 500 yards, it's a farm track quite accessible by all but the very lowest Bugatti. You will see Haynes Barn on the right after 400 yards.

NB: the Sat Nav settings for OX15 5RY take you to the cottages on Colony Road 400 yards to the north of our drive entrance
